Authentic Quality Reproduction Parts for Classic American Muscle

ORIGINAL QUALITY • ORIGINAL APPEARANCE

Original Fit

Appearance is extremely important in reproduction parts, but just as important is the way the part fits. You will appreciate OER® reproductions. Parts are designed to fit as closely to the original as possible. Each part is checked and rechecked to ensure proper fit and function.

Superior Quality

It's one thing to manufacture a reproduction part, it's another to duplicate the quality. OER® uses the finest quality materials and workmanship to ensure the finished part meets or exceeds original equipment specifications. In fact, many OER® products are superior to the original.

Authentic Appearance

Each OER® part is manufactured to original specifications, down to the smallest detail. Consistent quality control methods ensure an exact duplicate every time.

OER® Officially Licensed Products

Many OER® products are officially licensed by the original manufacturers, assuring the highest quality reproductions available.

Symbols of Quality

OER® Original Equipment Reproduction

The leader in quality reproductions is here! OER® stands for Original Equipment Reproduction®. When you see the OER® logo, you can be assured that every part is manufactured to exact factory specifications and will fit and function just like the original part. What's more, many OER® products are officially licensed and carry a full one year warranty against defects and workmanship.

OER® Authorized Products

OER AUTHORIZED

The OER® Authorized logo represents products that meet or exceed stringent OER quality control standards. These items have been sanctioned and approved by OER®. Most of these products are prepackaged with the OER® Authorized logo.

The Ford Licensed Parts & Original Tooling

It's the true sign of originality and quality. You can be sure that every product you receive will look and fit exactly as the original did. Parts that display these emblems are Officially Licensed by Ford or are restoration products manufactured using the original tooling. The Ford Officially Licensed Product emblem is a registered trademark of Ford Motor Company and used under license.

Classic Industries® The Restorer's Choice™

Count on the Classic Industries® Restorer's Choice™ symbol whenever purchasing reproduction parts and accessories. You can be sure that each and every product displaying this symbol is manufactured correctly to exact specifications and fits the way the factory intended. This Classic Industries® symbol is your assurance of quality.

PRODUCT EMISSIONS GUIDE

Please visit help.classicindustries.com/en/emissions-compliance-guide for more details.

CARB EO Compliant (50 States) – This product is covered under a CARB EO and is legal for sale and use in all 50 states.

Products that have completed the CARB EO process belong in this category. EPA recognizes the CARB EO as a reasonable basis demonstration, therefore products can be considered legal by both CARB and EPA.

Legal in U.S. (Excludes California) – This product is covered under the Emissions certification or has otherwise met the requirements of the EPA's Tampering Policy and is legal for sale in states that do not mandate Executive Order (EO).

Products that have demonstrated a reasonable-basis emissions compliance either through engineering evaluation or testing, but do NOT have a CARB EO. For example: Testing has been completed and paperwork submitted to CARB but the EO has not yet been issued. The product meets the reasonable basis standard but may not meet CARB's criteria for an EO. Testing has been performed but decided not pursue a CARB EO.

Non-CARB Compliant – This product is not legal for street use on an emissions-controlled vehicle. It may be used on a dedicated competition or pre-pollution-controlled vehicles only.

Some products can never be legal for use on pollution-controlled vehicles (both for use on the road and off-road), but they do have legitimate use on racing vehicles and vehicles that predate emissions regulations. Pre-certification means: 1965 and older domestic vehicles in California, 1968 imports in California and both domestic and imports under EPA jurisdiction.

Non-Emissions – This product does not require an EO in California. By nature of its design, it is legal for sale and use in all 50 states. Replacement parts included.

Products that have little or no impact on emissions, such as drop-in air filters or exhaust components downstream of the last emissions component (such as the catalytic converter, DPF or exhaust gas sensors). Also included are devices that plug into the OBD port to monitor information, but do not alter the vehicle's electronics.

Polycotton Car Cover

Polycotton vehicle covers are ideal for the classic enthusiast that just wants basic indoor protection with no bells or whistles. Polycotton is a soft polyester cotton blend that feels and acts like a basic dress shirt. Wouldn't you want to leave your vehicle parked outside with this cover, but will help keep your vehicle protected from prying eyes while still being super breathable to allow any moisture or fumes to escape.

New! Mustang Car Covers

Form-Fit Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. Form-Fit® covers are the preferred vehicle cover for those with classic, luxury, or show cars that are stored indoors. The outer shell of our Form-Fit® covers is constructed with a superior woven knit polyester that has Lycra/Spandex® added to the yards to provide the best stretch and memory. The inside features an ultra-soft sheared cotton fleece that provides the softest finish you can put on a vehicle designed to glide gently over your paint, chrome, and finish. Form-Fit® car covers are the most luxurious indoor custom car cover designed to fit snug, look amazing, and pamper your vehicles finish.

5-Layer Softback All Climate Cover

Covercraft custom all-climate soft back car cover fabric features 5 layers of protection to provide the best defense against the elements while being smooth against your paint finish. Each custom car cover also features reinforced non-scratch grommets with a soft felt backing, durable overlapped double stitched seams, and urethane elastic sewn into the front and rear hems for easy installation. The robust car cover layers also help add privacy to help keep prying eyes out of your vehicle while also serving as a theft deterrent. If parking in a garage this car cover works as a superior dust top to keep your vehicle looking its best. The softback lining paired with the robust multi-layer design also helps to reduce scuffs and minor dings from accidental bumps or garage accidents. Also available without mirror pockets.
