

Mustang Raylon Carpet

DEF AUTHORIZED

Raylon Loop Floor Carpet Sets

Raylon is a revolutionary new carpet yarn utilizing modern textile chemistry to duplicate the appearance original 80/20 rayon/nylon carpet used on classic cars. This carpet eliminates the problems of poor abrasion resistance and shedding of fibers, while providing excellent protection against color fading, offering a level of durability previously unavailable. This Raylon loop carpet simply looks better and lasts longer than the original! All carpet sets include a correct reproduction heel pad and dimmer switch hole grommet. Jute padding is pre-attached to the underside of all carpet sets.

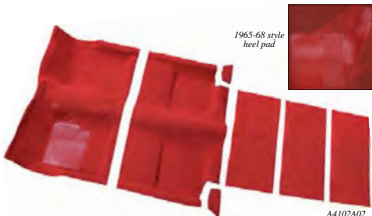

FAQ: What Exactly is Mass Backing?

As part of the manufacturing process, a special latex coating is thermo-bonded to the back of the carpet to substantially increase the insulating and sound deadening properties of the basic carpet set. Then 36 oz. jute padding is attached to the underside of the carpet. Mass backing is available as an option for molded carpets only.

Features:

- A color keyed heel pad dielectrically heat sealed onto the carpet
- Original style 36 oz. jute padding attached to the underside of the carpet

1974-78 Mustang II Cut Pile Floor Carpet

Manufactured to replicate the original style cut pile, this OER® Authorized premium, 100% nylon carpet is made using 40% more high-quality nylon than standard cut pile and is 50% heavier in weight for greater durability and a more luxurious feel. Like the original OE carpet, thick 36 ounce jute padding is also bonded to the underside, along with the correct color keyed heel pad. Each set is molded to fit your floor pan just like the original. This all new carpet eliminates the problems of poor abrasion resistance, shedding fibers and "fuzzing", while providing excellent protection against color fading, offering a level of durability previously unavailable. Simply looks better and lasts longer than the original! Made in USA.

Important: Due to variations in factory interior options minor trimming may be required.

HP040052	2 roll	179.99 ea

Stealth Shield Interior Heat Reduction

HP Stealth Shield is proven to reduce the temperatures inside your vehicle. Made from fiberglass and carbon, this car interior heat shield is very efficient and super thin, a barely noticeable 1/8" thick. Stealth Shield can withstand temperatures up to 1800°F continuous and 2000°F intermittent, so it's more than capable of handling any high temperatures that are likely to radiate up through the floorboards and interior of your vehicle. Material is 53" wide and available in multiple lengths.

HM201 black 10 piece 79.99 set

Trunk Set

Ten 12" x 23" sheets available in either black or silver. 19.1 square feet (5.8 square meters). A trunk set is designed to effectively treat the trunk floor, spare tire well, quarter panels and rear deck of a vehicle. Helps reduce interior noise typically caused by performance exhaust systems.

HM300 silver 10 piece 129.99 set
HM301 black 10 piece 129.99 set

Floor/Firewall Set

Twenty 12" x 23" sheets available in either black or silver. 39 square feet (11.8 square meters). A floor/firewall set is designed to treat the firewall, floor panel and transmission tunnel. This eliminates vibration noise caused by the engine and road surfaces and reduces the heat transfer from the engine and transmission.

HM400 silver 20 piece 229.99 set
HM401 black 20 piece 229.99 set

Bulk Set

Thirty 12" x 23" sheets available in either black or silver. 58.7 square feet (17.9 square meters). A bulk set is enough to treat an entire midsize or smaller vehicle.

HM500 silver 30 piece 299.99 set
HM501 black 30 piece 299.99 set

Small to Mid-Size Vehicle Set Includes:
• 25 sq. ft. of Boom Mat Damping Material
• 35 sq. ft. of Under Carpet Life (6 ft. x 70 in.)

Full Size Vehicle Set Includes:
• 41.7 sq. ft. of Boom Mat Damping Material
• 58.3 sq. ft. of Under Carpet Life (10 ft. x 70 in.)

Boom Mat All-In-One Interior Set

Take the guesswork out of thermal and acoustic control with this all-in-one part number! Introducing a simple and cost effective, universal fit, sound deadening and thermal insulation set. Each set includes enough material for your vehicle, which includes one 18 oz. can of Boom Mat Spray-On. A three step process for the best interior comfort from heat and noise.

DE050411 70" x 60" 46.99 ea

Interior Insulation

Insulating Mat by THERMO-TEC

Battle excessive heat and noise that penetrate the driver compartment through the firewall and floorboards. The highly reflective Mylar reflects heat away from surfaces, while the foil side is orientated away from the heat source to conduct any penetrating heat across its surface thus providing the ultimate in heat protection. The silica blanketing is a dual density composite and is the main sound insulator. Easy to trim and can be applied with the push-in fasteners provided or any weatherstrip adhesive. Two sizes to fit your individual needs.

TT1005	24" x 48"	36.99 ea
TT1006	48" x 48"	67.99 ea

Adhesive Heat Barrier™

Adhesive backed, this Heat Barrier™ protects parts and components from radiant heat. Made up of woven silica with a flexible aluminized finish. The surface of the material is capable of withstanding radiant temperatures in excess of 2000 degree F. The adhesive backed composite construction material can easily be applied to any surface or wrapped around a hose or wire to make a clean professional appearance.

TT1003	12" x 12"	11.99 ea
TT1004	12" x 24"	19.99 ea
TT1049	24" x 36"	55.99 ea
TT1050	24" x 48"	73.99 ea

Super Sonic Acoustical Mat

This high-quality mat offers superior sound dampening control to reduce road noise, rattles, engine noise, and any other noises that are bothersome. The high density polyethylene film with an aluminum foil composite is abrasion and tear resistant. The gray film provides structural integrity and strength, allowing the material to bend, move, and return to shape even under tension forces. The product is 70 mil in thickness, contains a high temperature adhesive backing, and is easy to trim and fit. The rubberized compound is applied with the high temperature adhesive to absorb all those out of control noises.

TT14720	36" x 60"	1 piece.....	67.99 ea

Thermo-Guard FR

Thermo-Guard FR is a lightweight, durable shield that does everything: reduces sound, absorbs vibration, protects from radiant heat and provides an extra layer of insulated padding.

The product features 100% polyester fiber felt that provides sound and comfort control and a high tech foil heat barrier that blocks more than 90% of radiant heat. Easy to apply and can be trimmed to fit anywhere. Available in two sizes with one or two foil sides. Designed to be applied with Thermo-Tec's Heavy-Duty Spray Adhesive.

TT1055	24" x 48"	1 foil side.....	27.99 ea
TT1056	48" x 72"	1 foil side.....	55.99 ea
TT1057	48" x 72"	2 foil sides.....	76.99 ea

Suppressor Acoustical and Heat Control Mat

The Suppressor is ideal when both sound and radiant heat control is needed. In addition to the polyethylene film, the foil surface provides direct protection from radiant heat. Great for areas like firewalls, floorboards or doors. The Suppressor is also 70 mil in thickness, contains a high temperature adhesive backing, and is easy to trim and fit.

Under Carpet Heat Shield & Sound Deadener

Make the inside of your Mustang quieter and cooler with this under carpet foil backed combination heat shield and sound deadener. Made from fire resistant and sound absorbing fibers, then covered with heat reflecting foil these add a great deal of comfort to your vehicles interior. Cut-to-fit with household scissors.

Note: This is a recommended addition when purchasing a new carpet kit.

Xtreme Bulk Pack

Dynatex Xtreme is the highest efficiency energy conversion sound deadener available. Xtreme's unique chemistry uses a space age self-adhesive synthetic rubber with a heavy 4 mil aluminum constraining layer to absorb noise energy. At only 1/16" thick, the super sticky rubber and foil stretches and conforms to fit your vehicle like a glove. Dynatex Xtreme can be also used for trunk lids, roofs, quarter panels, and under the hood. The Xtreme Bulk Pack contains 9 sheets (18" x 32") or 36 square feet of 1/16" insulation. Made in USA.

Sportline Evolution X Racing Seat

The new Sportline series of seats by Corbeau features superior comfort, style, and support, plus top of the line injection molded foam, bolsters that hold you in the right spots, and harness capability. The Evolution X is a fixed back racing seat. Inspired by the C5/C6 Corvette where seating options are limited due to the small cockpit area, the Evolution X was designed to be a bit narrower, allowing it to fit in smaller vehicles. Each seat has a base height of only 2-1/2" between the floor and where you would sit. This is ideal for minimal headroom applications or for drivers wearing helmets. Seats feature black vinyl with carbon vinyl accents and are handcrafted with your choice of red or black offset stitching. Seats will fit up to approximately a 38" waist.

Note: Mounting brackets with seat tracks sold separately. Shipped double oversize.

Sportline RRB Racing Seats

The Sportline series of seats by Corbeau have a look and feel that is second to none. RRB seats feature thigh bolsters that come into contact with the back of the seat. This gives you that racing bucket look of a fixed back seat, while maintaining the convenience of a reclining seat. Each seat has a base height of only 2-1/2" between the floor and where you would sit. This is ideal for minimal headroom applications or for drivers wearing helmets. Seats will fit up to a 38" waist. Weight is 26 lbs per seat. Sold as a pair.

Note: Mounting brackets with seat tracks sold separately. Shipped double oversize.

1979-04 Harness Bar

The Corbeau harness bar is a bolt-in solution to install 3, 4, or 5 point harnesses in your 1979-04 Mustang, all without the need of a full roll cage. Each bar mounts to your B-pillar and then connects to the horizontal bar with the supplied reinforcement tubes. This not only offers a solution for mounting the seat belts, but also increases the structural rigidity of the vehicle while using existing mounting locations. No drilling required. Black powder coated steel.

Note: Does not fit convertibles.

Rally and Rally XL Bucket Seats

Procar Rally seats start with a durable TIG welded steel frame, pronounced side bolsters and vertical stitching for a vintage appearance. Seats feature a map pocket on the seat back and one touch recline. Available with adjustable headrest or as a lowback seat without a headrest. The new Procar Rally XL series seats have the same overall dimensions as the original Procar Rally seats, but features a redesigned bottom seat foam that is 2" wider for maximum comfort. Sold as a pair. Includes seat sliders. Mounting adapters sold separately.

Note: *Black only. Please add the two or four letter color code when ordering. Shipped double oversize.

PROCAR

1964-04 Seat Mounting Adapter

Seat adapters are designed to make the transition from original stocks to Procar seats easy by replacing the original seat track. The Procar adapter attaches to the seat track sliders which are bolted on the base of the Procar seat. Once the adapters are attached to the sliders, you can bolt them to the floor. Each adapter is designed to allow the seat to be installed for each year listed.

1967-68 Deluxe/Shelby Seat Back Panel

Reproduction of the popular 1967-68 Deluxe/Shelby interior seat back panels. Larger than the standard seat back panel, this beautifully tooled panel wraps around the back of the seat, giving it a more substantial look. Features the correct texture grain like the original, with simulated seams and indentations for fitting the bright trim moldings (not included). Gray molded in color, can be painted to match most any original interior color with OER® interior paints (sold separately). Requires minor prep for finishing. Sold individually.

1968-70 Concours Deluxe 2 Point Lap Belt

These premium quality seat belts are reproductions of the deluxe belts originally equipped in the front seats of many 1968-69 Ford and Mercury models as well as some 1970 convertible models. Feature concours correct buckles that are authentic in appearance with correct textures, markings, and chrome bezels. Sold individually. Mounting hardware sold separately.

Note: Ford offered more than one size cover on the belt retractor. This is the low profile version.

1964-73 Shelby Race Style 3" Lap Belt

This lap belt was used in many competition vehicles during the 1960's including the 1965-66 Shelby. Extra wide 3" belt with quick release latch and a real leather protective pad adds some extra safety over stock lap belts. Great styled seat belts for that "Vintage Race Car" look! Mounting hardware not included.

Note: See 46-HD for heavy-duty seat belt hardware.

46-HD with heavy-duty plates..... 12.99 set

Seat Belt Assemblies

- Buckle measures 2-3/8" x 2-1/2"
- Webbing measures 1-7/8" wide
- Chrome seat belt ends
- Mounting hardware available

2 Point Aviation Style Seat Belt

RetroBelt RB belts for your classic vehicle feature attractive chrome-plated aviation style lift buckles and are available in 24 colors. The webbing is color matched to its stitching. Seat belts meet or exceed Federal Motor Vehicle Safety Standards. Many vehicles manufactured prior to the late 1960's were not equipped with seat belts. Adding seat belts is a wise investment in the safety of yourself and your family.

Note: 90" belt measures 45" on the buckle side and 45" on the lap side. Please specify 2 digit color code when ordering.

2 Point Seat Belts without Hardware

2 Point Belt Hardware

8 piece hardware kit for Retrofit 2 point lap belts. Kit includes all the hardware needed for installation. The bolts are Grade 5 hardness.

Hardware—2Bolts, 2Nuts, 2Washers, 2Lock Washers	
RB0021	8 piece. 4.99 ea

- Retractors measure 3" wide by 2" tall
- Webbing measures 1-7/8" wide
- 135" of webbing on retractor side, 27" on buckle side
- Buckles measure 2-3/8" x 2-1/2"

3 Point Aviation Style Seat Belt

RetroBelt's retractable lap and shoulder seat belts with classic chrome aviation style buckles are available in 11 colors to match the interior of your classic vehicle. The webbing and its stitching are color matched to the retractors, and the belt ends are chromed. The retractor holds 96 inches of webbing, with 39 inches of webbing outside for a total of over 11 feet of seat belt webbing. The buckle side is 27 inches long and is fully adjustable for maximum installation flexibility. This system uses an advanced inertia retractor that locks to support both the upper and lower parts of the body in the event of a sudden stop. The retractor may be mounted in either the horizontal or vertical positions.

Important: Fabrication skills may be required to establish shoulder anchor point – please consult a professional installation specialist. Seat belts are not designed to work with vehicles that have electric seat belt warning systems.

Note: Please specify 2 digit color code when ordering.

3 Point Seat Belts without Hardware

RB359	27"	74.99 set
-------	-----	-----------

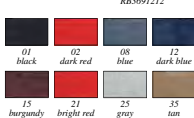

3 Point Belt Basic Hardware

This basic hardware kit is for a single or pair of RetroBelt 3 point seat belts. All parts are zinc coated for an attractive finish. The bolts are Grade 5 hardness.

Hardware – Basic 8 Piece

RB0031	basic kit – pair	8.99 ea
RB0031S	basic kit – single	4.99 ea

- 12" of webbing on buckle side
- Inertia locking retractors measure 3" wide x 2" tall
- Starburst push button buckles & chrome belt ends
- Hard black plastic sleeves on buckle sides for use with bucket seats

3 Point Push Button Seat Belt

Featuring attractive starburst push button buckles and chrome belt ends, RetroBelt's retractable lap and shoulder belts have hard black plastic 12" sleeves on the buckle side, making them ideal for the bucket seats found in your classic. Our retractors are very small – just 3" wide x 2" tall – so they can be installed in the tightest spaces. The retractors function in either the vertical or horizontal position. Mounting hardware is available separately.

Important: Fabrication skills may be required to establish shoulder anchor point – please consult a professional installation specialist. Seat belts are not designed to work with vehicles that have electric seat belt warning systems.

Note: Please specify 2 digit color code when ordering.

CORBEAU

3 Point or 4 Point Seat Belts

Corbeau 3 point, 2" harness belts are an affordable way to upgrade your vehicle to harness belts. The Corbeau 3 point, 2" retractable harness belts are unique in two ways. The most exciting part of this belt is the retractable feature. The second thing that makes this belt unique is the double release feature, which allows you to disconnect the rear strap with the simple push of a button. With the 4 point, 2" harness belts the 2 shoulder straps go over your shoulders and through the harness slots in your seats. After they go through the harness slots these straps then mount in the rear area of your vehicle. Your choice of black, blue, or red.

CORBEAU

Seat Belt Harness Pads

Corbeau harness pads provide extra comfort and support to your harness belts. Harness belts tend to rub against your neck and/or shoulders causing some minor annoyance while driving. Harness pads will prevent this and provide extra padding between your straps and body. Available in 2" or 3" and your choice of black, yellow, blue, or red.

1967-68 Standard Interior Door Panels

Our standard door panels are produced using authentic colors and correct grain vinyls, with heat sealed, embossed patterns, just like the originals. Each pair of standard door panels features the correct padding over a fiberboard backing with all holes die-cut in the correct locations for ease of installation. Sold as a pair.

Note: Please specify the two digit color code when ordering.

Headliner and Upholstery Tool

This handy tool allows you to tuck the material into the correct area. Works really well on those tight corners and around curved areas.

A7672..... 14.99 ea

New!

& 1965-68 Headliner/Pillar Trim Clips

Reproduction metal trim clips that attach at the top of the each A-pillar to cover and hold the end of headliner. Includes 2 mounting screws for installation. These retainers can be prepped and painted to match any interior. Coupe and fastback models without pillar post moldings may also use these trim clips. Coupe and fastbacks with pillar pads do not require these clips because the pillar pad covers the end of the headliner at the top of the A-pillar.

52136A 1965-68 4 piece..... 11.33 set

New!

Headliner, Upholstery Glue and Thinner

Correct adhesive formula used to adhere the headliner to the roof panel and for other vinyl upholstery jobs where a strong vinyl adhesive is required. This is specially designed for use with vinyl covered fabrics. Includes a handy brush for easy application. Solvent-based thinner reactivates dried HH-66 vinyl cement or removes unwanted HH-66 from surfaces. You also can use HH-66 thinner to clean brushes, rollers, spray guns, and other types of applicators.

RE13007

Dome Lamp Dimmer

Softens the interior lighting of your muscle car. The standard dome lamp dimmer keeps the lamp on an extra three seconds then slowly fades off, instead of simply switching off. The deluxe dome lamp dimmer, if the ignition power is off, the lamp delay is 10 seconds, but if the power is on, the lamp fades when the doors shut. The deluxe dome lamp dimmer can also be installed in a way that the lamp softly brightens when the doors open. These devices easily install on most applications and can be mounted in any location where electrical connections are easily accessible.
