Window-Weld Ribbon ⚠

Window-Weld ribbon sealer is used in the replacement of windshields and rear windows on vehicles that were not originally equipped with a molded window gasket. Its unique feature of controlled compressibility allows easy installation yet will not squeeze out to allow glass to contact pinch weld. One 15 foot roll is sufficient material to replace one windshield or rear window. 3/8" x 15' roll.

K4122 15 foot roll..... 19.99 ea

1989-93 Convertible Windshield Outside Molding Seal ⚠

1994-04 Coupe Quarter Belt Moldings

Reproduction quarter outer belt moldings for 1994-04 Ford Mustang models. This part helps seal the elements out of your vehicle as well as reduce vibrational road noise inside the cabin. If your rubber mouldings are brittle or cracking replace them with this quality set. Includes 6 special retainers and 2 special plastic end caps pre-installed. Originally 1994-98 style attached differently, but with a slight design change, the factory produced this replacement set to fit both 1994-98 and 1999-04 models perfectly. Sold as a pair.

1979-04 Door Window Felts and Molding

Reproduction door window felt/belt line weatherstrip for 1979-04 Mustang models. Bring your weatherstrip back to original factory condition and improve the overall look of your Mustang while maintaining originality. Belt line weatherstrip is very important because it seals against the door glass and quarter window glass. It wipes off water and debris when putting your windows up or down. Helps to keep the rain out of the door and reduces window rattle.

3M Super Weatherstrip Adhesive

A 5 oz. tube black colored adhesive used for bonding and sealing weatherstripping to the trunk, body, and doors. This general purpose adhesive which is fast drying, waterproof, flexible (rubbery). Also resists oil, grease, and solvents.

08008 black 12.99 ea
08001 yellow 11.99 ea

Weatherstrip Application Lubricant

Precision's weatherstrip lubricant significantly reduces friction, thereby reducing the installation force required to assemble parts and fittings. This is a non-residue lubricant, once it dries it becomes invisible.

1969-70 Mustang Door Glass Assembly

Reproduction door glass assembly for 1969-70 Mustang coupe or convertible models. Includes the correct run channel pre-installed to more conveniently replace the entire glass unit in a simpler bolt-in operation. The glass carrier is manufactured from premium quality steel that includes a pair of channels spot welded onto the carrier. This allows the window regulator rollers to function properly. Includes door glass, lower frame and track.

1965-70 Flush Mount Glass Set

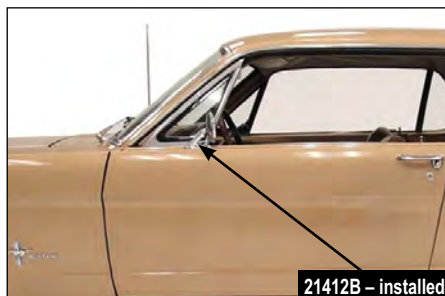

Flush mount glass is a larger piece of glass, designed to fit within the OE opening leaving only a 1/8" gap. The new glass eliminates the need for trim or weatherstrip and provides a more modern, and cleaner custom appearance. The glass features a FRIT band (black border around the glass), primer, and super adhesive urethane to fasten into place like a modern vehicle. The specific size and shape of the new glass paired with the install method allows for an OE fit with no body modifications. Primer and adhesive are not included. Sets include tinted windshield and back glass.

Note: Shipped truck freight.

Super Strength Molding Tape

3M super strength molding tape is ideal for permanently attaching side moldings and trim to your vehicle, adding long-term protection and value. Use the same elastic bonding technology employed for airplanes and skyscrapers to attach body moldings, trim, and emblems to your vehicle. This tape features an extremely strong adhesive, and it's also easy-to-use - just pull off the liner and apply.

Multi Wedge Prying and Scraping Tools

Multi Wedge is an amazing automotive restoration tool that will replace screwdrivers, pry bars, and all other metal tools that can cause damage and marring to delicate surfaces! The soft, orange wedge set and the jumbo wedge are made from a high tech, specially blended polyethylene that is incredibly ductile so they won't break or snap. The hard, black wedge set is made from a high tech, specially blended polycarbonate for the heavy-duty jobs like oil pan covers, timing covers or valve covers. Each 3 piece set includes one 4" curved end, one 4" straight blade and one 3" straight blade. Buy both sets and save! The jumbo wedge is 14" in length and 2" wide, making it perfect for the big jobs.

Soft Duty – Delicate prying or wedging

Medium Duty – Sturdy prying or wedging

Heavy-Duty – Very strong and durable

Prying and Scraping Tools

Available in 3 different fiberglass reinforced plastics, the soft duty tools are good for jobs where a minimum amount of force is needed to remove objects. The medium duty tools are better for the objects that require a little more force to remove, and the heavy-duty tools are for the objects that are real stubborn and just do not want to be separated from their current position. All these tools are strong enough to pry yet soft enough to do interior and exterior automotive jobs without the damage that metal tools can do.

-------	--------	---------

Glass Molding Clip Installing Tool

Reduce the risk of chipped glass and scratches by using this handy tool for replacing your front or rear window glass molding. This tool is specifically designed to fit trim clips over the studs and virtually eliminates glass breakage.

A13574	37.99 ea
--------	----------

Weatherstrip Ball End Hook Tool

This hook tool has a small, round steel ball on the end. Once the steel ball is inserted down into the rubber gasket, it is very difficult for it to come out. If it should slip out of the gasket, there is less of a chance you will scratch the paint of the vehicle.

153823	14.99 ea
--------	----------

Glass Seal Rope-in Tool

Use the rope in tool when working with rubber gasket set glass. The unique counter grip plastic handle injects the rope through its stem as it is pulled around the gasket. There is plenty of enough durable rope to fit around even the largest truck window.

153813	19.99 ea
--------	----------

Premium Auto Trim Removal Tool Kit

This 11 piece kit was designed for the removal of door panels, dashboard, trim strips, interior panels and window moldings. Made of impact resistant plastic that will not mar surfaces like metal tool will. Included for the tools is a heavy-duty nylon pouch.

TX2684	23.99 ea
--------	----------

Universal Molding Release Tool

The ultimate tool for cleanly releasing moldings. Slide tool left or right under the molding until it hooks a retaining clip, then just rock the tool with a twist of the wrist to release the clip. Heat treated, high carbon steel.
